

Onwards to the promised land, and a quartet of spiritual jazz cuts. First up another Speakers Corner release,

The Blue Yusef Lateef by **YUSEF LATEEF** (☆☆☆). A wild and way-out collection from 1968, *The Blue Yusef Lateef* mixes up eastern melodies, snake-like rhythms, slithering strings and gospel choirs in service of a sound that could only have come out of the late '60s. A cornerstone of exotic, conscious-expanding jazz.
