

ALLEN TOUSSAINT

Title: Life, Love and Faith

Issued by German audiophile specialists Speakers Corner, this is a superb edition of the funky-soul 1972 original that was originally issued on Reprise. This LP was his debut on the label and also represented the real launch of his re-charged solo career. From recording covers on earlier releases, this LP featured his own work and well, he almost vomited his creations onto these grooves. What I mean is that this one LP packs in all of his favourite musical styles from soul to funk to New Orleans blues to trippy psyche to...well, this album is a pinball table of musical styles. Soul retains an underlying foundation, of course.

For mastering? Typical Speakers Corner work. Glorious, in other words. Supremely balanced, neutral, detailed, good dynamic range, dynamic reach is there, you name it basically.

Possibly not the man's greatest work but certainly the greatest showcase of his abilities.
